Working Together...Moving Forward. This is how Ewa Beach will succeed.

Two years ago, I promised to work hard to provide traffic relief, more school funding, and tougher crime laws. Ewa Beach residents honored me with their trust by electing me as their Representative.

I have not taken this honor lightly.

After years of neglecting our district we made the case to the legislature and the governor that we were tired of waiting. In just two years, we received a record \$250 million for projects that will benefit Ewa Beach. This includes \$116 million to fast track the North South Road, which will cut Fort Weaver Road traffic in half, and the new Kapolei Court House, which will take 4,000 town-bound drivers off the road. Every school in our district received long awaited repair and maintenance or new construction funding. Tougher pedophile laws and the three-strikes law, which could put violent career criminals away for life also passed.

We must not stop there. Building UH West Oahu and providing new or improved ferry service and another access road to town will be my top priority. The new college will reduce traffic by 1/3.

I will continue my focus on increasing school funding, creating more leeward jobs, supporting our police against crime and reducing taxes for Hawaii's residents.

Ewa Beach deserves to remain a priority at the capitol, and I hope you will help me do this by re-electing me to the House of Representatives. I would be honored.
